

Welcome to Your Maricopa County Superior Court System!

Here are some quick tips on how to make your experience as problem free as possible:

- If you have no attorney, remember that the Court will treat you as if you are familiar with all statutes and court rules even though you are not an attorney. To find statutes (laws created by the Legislature) and court rules (rules created by the court system) you can visit the law library or go to the following web sites:
Statutes - <http://www.azleg.state.az.us/ArizonaRevisedStatutes.asp>
Court rules - <http://www.supreme.state.az.us/rules/>
- Keep in mind that, according to state law and court rules*, Court and Clerk's Office employees won't be able to give you legal advice or suggestions on how to approach your case.
- If you decide that you need legal advice and need help finding an attorney, you might want to contact the Maricopa County Lawyer Referral Service, at (602) 257-4434 or online at www.lawyerfinders.org.
