

# On Pace with OnBase

## Sentencing Minute Entries

LRD: 08/07/2012

On August 1, 2012, the scanning of sentencing minute entries changed to better preserve the image of the fingerprint. The new scan settings will render the background in gray tones, rather than the "black on white" previously used. Older sentencing minute entries scanned since January 2007 are also being rescanned with these new settings, and will replace the older images currently stored in OnBase.
