# Thanksgiving Tributes — Who in the Office are you thankful for?

— **Jenny Black**

"I am thankful for the people I work with. They pull together as a team to accomplish the job we have to perform on a daily basis." — **Ed Morris**

"I am thankful for **Roxana Anderson** ... she is always available for me and answers all my questions ... and I have many! Thank you Rox!" — **Dora Sandoval**

"I'm thankful for those who find answers under impossible timeframes. There isn't room to fit everyone's names, but **Lauri Million, Correnia Snyder, Laura Eng, Melanie Fay, Gene Guidas, Vonda Culp, Patti Sanderman, Merriel Trombley, Maridel Soileau, Kristin Wolfe, Justin Spelgatti, Joe Silberschlag and Michelle Paigen** are all on my speed dial. You, and everyone who works in your areas, are lifesavers. You know everything and I'm thankful for your time, talent and teamwork. The same goes for **Chris Kelly, Len Keso and Darlene Anderson**, who regularly step in for me at a moment's notice." — **Aaron Nash**

"I would like to thank all my fellow **Northeast clerks** for the smiles they share, for the support they offer, for the laughs they invoke; all of which make my days at work not only tolerable, but nurturing and even down right fun on occasion. Without their companionship, working through the frustrations would be that much more challenging; with their support almost everything becomes manageable. Thanks to each of you, you marvelous ladies!" — **Robin Tomlinson**

"Even though it's been more than two years since she trained me after I switched from Family Court to Criminal, **Shanna Perez** is always ready and willing to answer questions that come up periodically. She's very patient and extremely knowledgeable. I appreciate her very much!" — **Beth Kredit**

"Although I have several supervisors, I want to give a special thanks this year to **Pam Woods** for her many exemplary qualities as a supervisor. Her occasional comments such as 'You're Awesome!' truly make me feel that way and that I am a valuable and appreciated employee. Pam, you are awesome!" — **Terri Pavia**

"In the last few months I have had some health issues. My supervisor, **Kathy Whittiker** has been extremely patient and supportive of me. It means so much to be given validation when you are not feeling "up to snuff" and needing that extra little encouragement. Thank you also to all of my co-workers who put up with my gimping around with my cane and always asking how I am doing!"  
— **Lori White**

"The people I am thankful for are the people who I work with day in and day out – the **Mailroom Staff and Shipping/Receiving Staff**. The mailroom staff is a small department, but it has 'lots to do.' I am so proud to say I am the supervisor of the Mailroom. We do not get many appreciations, but we enjoy the satisfaction that everyday we get each department's mail out on time ... and recently with same day service ... and that takes a lot of time. We get it all done daily with the help of the Shipping and Receiving team. Sheryl and Judge Fink, in particular, have been exceptionally patient, and Sheryl has continuously offered her experience, advice, and time towards helping me learn my position. I am thankful that my first experience with a new court in a new state has been in their department. I appreciate everything they have done." – **Spring Swanson**

## This month's history lessons

Interesting items from the past in recognition of Arizona's upcoming 100th anniversary of statehood

### A look at the eighth Clerk of the Court, Judith Allen

For the past several months, the *Record Times* has featured a past Clerk of the Superior Court. Last month, Vivian Kringle, the seventh Clerk of the Court was highlighted. This month Judith Allen, the eighth Clerk of the Court, is featured. She served in office from 1986 - 1998.

Judith Allen was elected as the Clerk of the Court in 1986 and re-elected to the position in 1990 and 1994. In 1998, she resigned the office to take a position in the private sector. She selected Associate Clerk Michael K. Jeanes as the acting Clerk until the Governor of Arizona made an official appointment.

Prior to becoming the Clerk, Judith served in the governments of the State of Arizona and the City of Phoenix, as well as in the private sector. Before moving to Arizona in 1979, she served three four-year terms as the Register of Deeds of Berrien County, Michigan.

As Clerk, Judy was a strong advocate of progressive efforts to increase the stability and security of the children who were in divided families. Her desire to improve the well-being of these children and the human condition was reflected in her commitment to community involvement in various family support organizations. She also served as a board member for various other community organizations including the Valley Citizens League, the Arizona Governor's Commission on Crime Prevention, the Maricopa County Kids Voting, and Phoenix Humana Hospital.

During her tenure, the Clerk's Office received several achievement awards from the National Association of Counties for developing programs that better serve citizens. Among the office's achievements during the time she served were opening an after-hours filing window that extended service beyond the traditional working day. The Family Support Center participated in rounding up parents who failed to pay their child support; the installation of an automated cash management and electronic information network; and the creation of the Family Support Center. The office also decentralized and opened a branch in Mesa at the newly constructed Southeast Regional Court Center.

## Arizona History - How much do you know? (Part 9)

In recognition of Arizona's 100th statehood anniversary approaching on Feb. 14, 2012, Training and Development's **Steve Weston** is providing a series of articles related to the history of Arizona, Maricopa County, the Court, and the Clerk's Office.

Following are some interesting, humorous and fun facts about Arizona. A few of these are former laws, some of which are still on the books.

- The Capitol building of Arizona has a roof with copper construction. The amount of copper that was utilized to make the roof is equivalent to that used in 4,800,000 pennies.
- The law of the state of Arizona states that it is illegal to keep a donkey in your bathtub.
- The only area of Arizona to follow Daylight Savings Time is the Navajo Nation region.
- If you are a citizen of Arizona, never refuse a person a glass of water, because it is illegal to do so.
- If you are being attacked by a criminal, you are permitted to use the same weapon that is being used by the attacker in self-defense.
- In Prescott, citizens are banned from riding their horses up the stairs of the county courthouse.
- In Arizona, a misdemeanor is felony, if one is wearing a red mask.
- If you cut down a cactus, you may face 25 years of imprisonment.
- Arizona, though a land locked state, once upon a time had an official navy, though it just consisted of two boats guarding the waters of the Colorado River.
- In Tucson, it is illegal for women to wear pants.
- It's illegal to back up or reverse your car in Glendale.
- One of the hilarious laws that was passed in Arizona was in Tombstone. The law stated that it is illegal for people above 18 years of age to smile and reveal less than one missing tooth.
- Arizona is the 6th largest state in the nation, covering 113,909 square miles. *(by Steve Weston)*

## Court reporter transcripts are now available electronically

by Mark Jensen

**A**s of November 1, 2011, the Clerk’s Office began to accept electronically filed court reporter transcripts in the criminal case type, and at the same time initiated scanning for transcripts in all other case types. These changes allow all transcripts to be accessed with the rest of the case file via links from the Clerk’s docket in iCIS.

Grand Jury transcripts are the only exception to the rule, however, and will continue to be filed and maintained in paper format.

Court reporter transcripts were not originally intended to be stored in the ECR, and have always been filed and maintained in paper format. As the ECR continued to expand, and as the use of electronic records continued to increase, demand also increased from appellate level courts and court reporters to be able to file and receive transcripts electronically. When the decision was made to expand electronic appeals processing to the criminal case type, it became clear to everyone that now was the time to make electronic processing of transcripts a reality.

With the completion of this project, our office now **1)** captures and maintains all transcripts electronically; **2)** allows court reporters to electronically file transcripts in Criminal cases; **3)** allows all users of the court record to view and print copies of these documents in the same manner as any other case record in the ECR; and **4)** transmits all transcripts to appellate courts electronically with the rest of the record on appeal.

### Parks Department unveils 100 Miles of Hiking program

The Maricopa County Parks and Recreation Department has come up with its own unique way of celebrating Arizona's centennial – by sponsoring a 100-miles of hiking program! The program kicked off on Nov. 1 and will run through Jan. 30, 2012.

"Participating in the program is simple," said R.J. Cardin, Maricopa County Parks and Recreation Department Director. "Hikers can either get creative and chart out their own course of action or use the blueprint outlined by the department. However, hikers must visit at least three parks in the County's park system to be eligible for the chance to win the grand prize, an annual mountain park pass and \$25 Nature Center retail voucher."

To honor those who complete the 100-Miles of Hiking, celebrations have been scheduled at seven of Maricopa County's regional parks. In addition, everyone who completes the program, will receive a limited edition tee-shirt at the celebration.

For additional information or to download an entry form for the 100-Miles of Hiking program, visit [www.maricopa.gov/parks](http://www.maricopa.gov/parks).

Assistant County Manager for Public Works Kenny Harris said approximately 1,700 construction workers put in two million safework hours as of Oct. 19.

The 16-story tower will have 22 courtrooms and have the ability to add 10 more in the future. For more information about the project, you may visit <http://www.maricopa.gov/courttower/>
